### Technical Skill

- ❖ **Programming Languages:** C, JavaScript , HTML, CSS
- ❖ **Tools & Technologies:** Git, GitHub, Visual Studio Code
- ❖ **Web Development:** Responsive Design, JavaScript DOM Manipulation
- ❖ **Other Skills:** Communication, Time Management

### Experience

- ❖ **Remote Internship at Accenture (Developer & Technology Job Simulation)**

During this internship, I gained practical knowledge of software development and debugging processes. I applied algorithmic thinking to effectively solve coding challenges, enhancing my understanding of software lifecycle methodologies and technical problem-solving skills.

### Education

- ❖ **Bachelor of Computer Applications (BCA)**    **Year:** 2024 – Present (Currently Pursuing)  
Teerthanker Mahavir University, Moradabad    **SGPA:** 9.04 (2<sup>nd</sup> semester)

### Projects

- ❖ **JavaScript Notes Repository** (Ongoing)

- Created a comprehensive repository of JavaScript concepts on GitHub, including practical examples and real-world use cases.
- Topics covered: Scope, Functions, Control Flow, Objects, Arrays, and more.
- Showcased knowledge through daily LinkedIn posts to engage and share with the developer community.

### Certifications & Achievements

- ❖ **Accenture Technology Foundations Virtual Experience Program**

Gained knowledge in SDLC, Agile Methodologies, Software Testing, Debugging, and Accenture's work culture.

- ❖ **Introduction to Computers Training**

Successfully completed training organized by Teerthanker Mahaveer University with course material from the Spoken Tutorial Project, IIT Bombay, and passed an online exam conducted remotely by IIT Bombay.

### Hobbies

- ❖ **Playing Chess:** Enhances logical thinking and strategy.
